

Racing for fun!

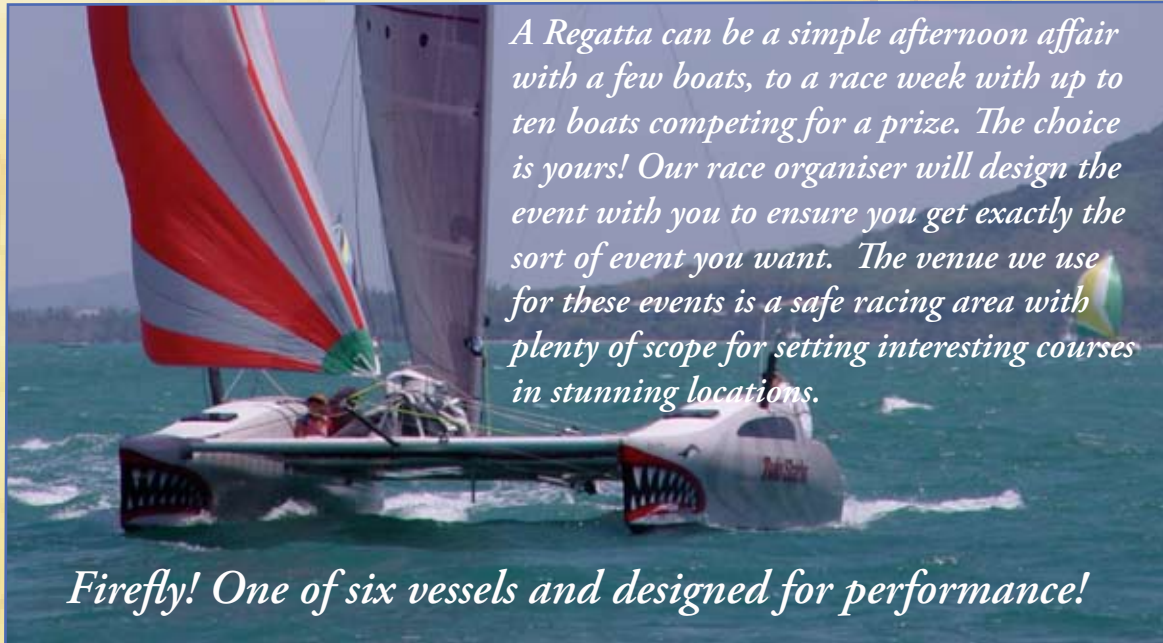

Mini Regatta

Phuket is uniquely placed in the world to provide interesting and high quality Corporate Events and Incentive Activities.

We have a range of water based events that include a Mini Regatta. We can offer our clients the use of high quality catamarans or monohulls with a professional race organisation to ensure the events are well run.

We believe that the corporate community in Asia would be attracted to these events because of the reputation of Phuket for high standard hotels, good transport and communications and a location that caters well to Corporate groups for backup services.

Nowhere else in Asia will one find the numbers of yachts and personnel to crew and organise such elite and fun activities.

A Regatta can be a simple afternoon affair with a few boats, to a race week with up to ten boats competing for a prize. The choice is yours! Our race organiser will design the event with you to ensure you get exactly the sort of event you want. The venue we use for these events is a safe racing area with plenty of scope for setting interesting courses in stunning locations.

Firefly! One of six vessels and designed for performance!

Switchblade

The Firefly 850 catamaran is the perfect high performance catamaran. We have other catamarans that are more sedate and also a range of exciting and fun monohulls. Switchblade is the big red boat that powers through the water and once on board, you get the taste of real sailing and begin to understand why team-work is so important!

In the pink! New boats and superb sailing.

Firefly

Pink Lady

Have you ever raced in paradise? Phuket really is the centre of yachting in SE Asia . Our equipment and expertise in this splendid sport is well known and we hope our photos convince you that a mini regatta in Phuket is a viable and exciting option.

Corporate clients are invited to talk to us to plan the perfect regatta. We welcome company's feedback and would be happy to entertain suggestions that may have a different shape or combination of opportunities that have not been explored here, in our publicity.

Competing in a Regatta
