Sailing Rally
Water Activity for Corporate Clients

Choices on the water

Water Sports are Fun

Sailing Rally

A sailing rally is a collection of yachts of all descriptions that go sailing together for a fun day out.

Boats of all sizes and designs are used to make the event a spectacle on water. Lunch is usually arranged on a large yacht and everyone visits for a party on the water.

The beauty of this event is all sort of boats can cater for differnt tastes and wishes. You may want a high performance yacht or you may wish to be treated like royalty, read a book, or listen to your ipod, as you glide effortlessly through the water. Usually the day trip stops at a magnificent anchorage where you can swim snorkel and explore the surrounding coral reefs.

Exploring the islands by boat is ideal in this part of the world.

Warm balmy breezes and gorgeous tropical seas make the whole experience a total delight. Some of the boats will be crewed by skip-pers who may well let you join in, and help to sail the boat. Some will prefer you to just relax while the professional crew guide you through the channels and coral reefs that surround these islands. The entire experience is one that will be happily remembered in the future.

Mini Sailing Regattas

Mini Rallys in idyllic sailing locations

Race in Asia

We offer you the choice of being on a mini yacht rally on yachts or catamarans. These activities can be bespoke to your corporate design.

Sail in Asia can put together a mini rally for your company and corporate clients or colleagues. We can organise sailing around local islands, or buoys if you prefer. Our team of skipper instructors can familiarise you with your yacht and then you may wish to join in the fun of crewing a boat. We supply boats, safety cover, first aid and of course beverages and lunch (picnic). The rally should be a low key affair and crew may well change positions or boats after a sumptuous lunch at an anchorage.

Bespoke events are our forte so please contact us if you wish to design your own pleasure rally in the beautiful islands of the Andaman Sea.
